

How to Earn Study Club Money

You can earn Study Club Money by completing your homework assignments *correctly* or by doing other learning activities *completely*.

There are two ways that you can earn Study Club money:

Piecework: For homework where you have a worksheet to fill out or a set of problems to do from a book, you earn \$.05 of Study Club Money for each worksheet or page that is completed correctly.

Contract: For homework where you are working on a long-term project like a report or science project, you can contract to complete a certain amount of the assignment for a fixed price that will be determined by the adult who is in charge that day. For learning activities, you can contract to complete a pipes project, a puzzle, a computer project, or other learning activities that are available. Each of these activities will have an established price for completion.

How it works:

When you come to Study Club, you will need to decide what you are going to work on with the adult in charge. Your task will be recorded on your time sheet. When you have completed your task, the adult will check your work and record the amount of Study Club money you have earned. You may work on a learning project with someone else, but you will both share the amount of Study Club Money that you earn. When you have earned \$10.00 of Study Club Money, you will be awarded with a really cool thing.
