

6. Rounded Rectangle Tool Project - Rainbow Pyramid

This project uses the Rounded Rectangle tool to make an image with rounded rectangles drawn inside each other and filled with different colors.

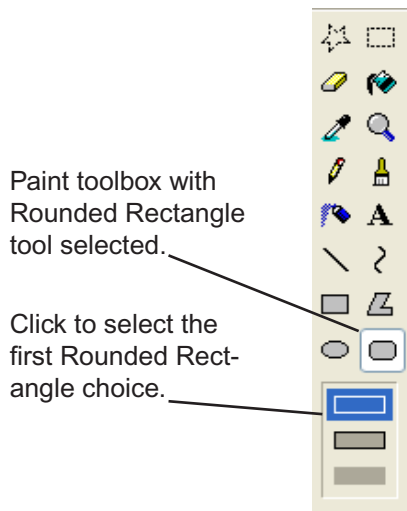

Step One

Open Paint, and click the Line tool icon to select the Line tool. Then select one of the larger line size choices.

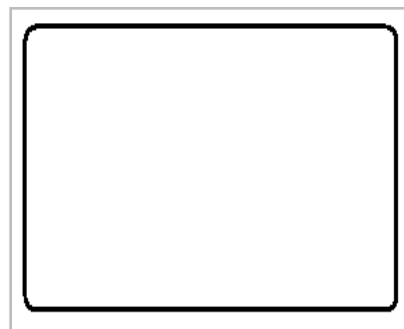

Step Two

Click the Rounded Rectangle tool icon to select the Rounded Rectangle tool. Then make sure that the first Rounded Rectangle choice is selected at the bottom of the toolbox.

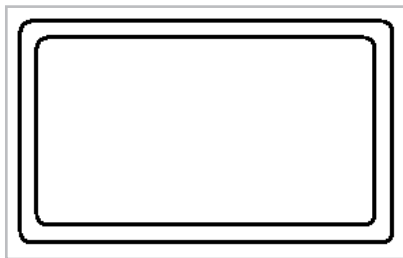

Step Three

Click the canvas in the upper left-hand corner and drag to the lower right-hand corner. Release the left button to finish.

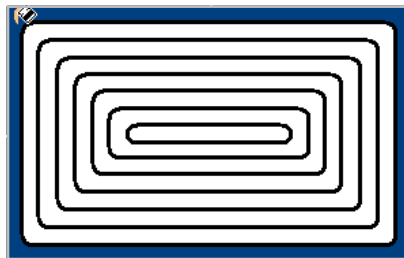

Step Four

Click inside the upper right-hand corner of the first rectangle and drag to the bottom left-hand corner to create a new rectangle inside of the first one.

Step Five

After you have drawn all of your rectangles, use the Fill With Color tool to fill the white spaces with different colors.

Step Six

Continue to use the Fill With Color tool until all of the white spaces have been filled.
